Climate Change Policy Task Force Wants to Hear From You!

New Actions Items Under Consideration

Concord, NH - The Governor's Climate Change Policy Task Force is seeking additional public comment prior to completion of its final deliberations on recommendations for a New Hampshire Climate Change Action Plan. Based on public and written comments received at a series of Public Listening Sessions, the Task Force has taken up four additional potential Actions in the electric generation and use sector and now seeks public comment on these additional, potential Actions.

The new potential Electric Generation and Use Actions, available for review include:

1. EGU 2.6 Importation of Canadian Hydro and Wind Generation
2. EGU 2.7 Allow Regulated Utilities to Build Renewable Generation
3. EGU 2.8 Identify and Deploy the Next Generation of Electric Grid Technologies
4. EGU 2.9 Promote Distributed Generation

The Task Force is striving to develop a set of recommendations that will focus on those potential Actions that have the greatest potential to achieve multiple goals, including reducing greenhouse gas emissions and creating economic opportunity for the state.

Further information about the Task Force as well as reports on all of the actions being considered can be found at: www.des.nh.gov, search keyword "climate."

Please direct any questions and your written comments by Monday, November 3, 2008 to Chris Skoglund, Energy and Transportation Analyst, at 603 271-7624 or Christopher.Skoglund@des.nh.gov.
